Dear Ros,

I hope this email finds you well. I am writing to follow up on our recent discussions regarding the marketing campaign for Q3.

As we are approaching the launch date set for August 15th, I wanted to check in on the progress and see if t

any updates or additional information you may need from my end. Specifically, I am interested in the current

the design phase for our social media content and the budget proposal for the targeted ad spend.

Additionally, I would appreciate it if you could provide an estimated timeline for completing the initial draft c

campaign strategy. If there are any challenges or obstacles you are encountering, please let me know so we can

address them promptly.

Thank you for your attention to this matter. I look forward to your update and am here to assist in any way necessary

to ensure the project's success.

Best regards,
Christine Schott
Marketing Manager
